OLDEST CRAFT BREWERY****Crafting Great Tasting,  
Quality Beer Since 1994***Evans Brewing Co.*

Internationally award winning Evans Brewing Company is the oldest craft brewery in Orange County, CA. With over 20 years in craft beer, Evans Brewing Co. supplies restaurants and retailers across 7 western states; one of the largest distribution foot prints for an Orange County Craft brand.

In the OC craft beer market Evans Brewing Co. has differentiated itself by offering its award winning ales and lagers at its company owned restaurant, The Public House by Evans Brewing Co. in DT Fullerton. A second location in the Bella Terra Mall in Huntington Beach is slated to open in August, 2017. Our comprehensive Gastropub fare with innovative menu items infused with our ales, The Public House by Evans Brewing Co. is fast becoming a standout success.

It is our plan to open 1-2 O.C. Public House locations in the coming 2 years as well as secure investors for a new larger brewery to be built in 2018 and opening in Jan. 2019.

Evans Brewing Company Wins Gold and Silver Medals From World Beer Awards

The Craft Beer market changed dramatically over the last 2 years. Being one of the few publically traded craft brands in the market should setting us apart, but we soon realized that we would need more than that to reach our goal; Evans Brewing Co. as the craft beer of choice in the greater OC market and beyond.

The Public House has provided the necessary market strategy that we believe will set us apart from the other craft brands in SoCal.

The Public House may be the difference that makes the difference propelling our brand recognition and acceptance; Orange County's brand.

Evans Brewing Co. is the result of a rebranding of Bayhawk Ales. Bayhawk was a public company from its inception but failed to have its stock traded on the open market.

After an arduous 2 year process, Evans Brewing Co. stock began trading on the OTCQB in Feb., 2016 and at the same time, the new Evans labels entered the market completing the rebranding.

Evans is the newest oldest brand in Orange County. With the previous Bayhawk strategy producing house branded craft ales, we were able to launch with a distribution network unparalleled for a "new" brand; a total of 7 western states.

**We are a Craft Brewery first and foremost.** The Public House has increased brand awareness the OC. The new Huntington Beach location will only add to that growth.

But rather than Evans being only a craft brand, we are taking this new direction building brand presence in a powerful way; craft beer infused products for sale, side by side with our craft beers at the retail level.

With craft infused Bratwursts, Brew-B-Q sauces, Cheeses, and more with all bearing our craft beer labels, our brand presence to grow. Craft beer is still hot and we believe we have found the right recipe for success.
